New FIRM .- It will be seen by referring to our advertising columns, that a change has taken place in a well-known Boot and Shoe bouse in this city, and that our respected friend, Capt. J. S. DASHIELL, late Secretary of the Fireman's Insurance Company, has become associated with the remaining partner of the late firm. Capt. D's hosts of friends here will be glad to learn that he has engaged in a business which promises to prove far more lucrative than that which he has long followed, and they, one and all, will wish him the most gratifying success, for certainly no one is more deserving of it. Lard Oil Manufactory.

Most of our citizens are aware that there is an establishment for the manufacture of Lard Oil in this vicinity, but only those engaged in the trade are aware either of the excellence of the article manufactured or the quantity. We have frequently thought we would pen an article on the subject for the information of the public generally, and especially of sections of the country South which trade here. The manufactory is but a few miles from this city, in a pleasant location, and is owned by Woors | ted thus: New Orleans 94a104; Havana white & Co. If there is any thing after nice butter that a dainty hon ewife should desire, it is clean, sweet lard. Nothing finer than that put up by Woods & Co., can be had anywhere.

This is one of the establishments that ought to be cherished by our citizens. It affords a home market to the farmer for his lard, and the profits upon the oil manufactured are erjoyed also by well deserving " home folks."

FEMALE COLLEGE BURNED .- On the night of the 28th ult., the College building of the Marshall Female Institute, situated in Marshall county, Mississippi, with its contents, was entirely consumed by fire. The boarding house escaped and the lives and wardrobes of the pupils were not endangered. The building burned was insured in the Memphis Insurance Company. It is to be rebuilt immediately.

SPEAKING AND BARBEGUE .- The Electors for the county of Davidson, Messis, Beies and HAYWOOD open the campaign ball on the 4th at Stewards Ferry, two miles beyond Spring Place, (sometimes called McWhirtersville) and eight miles from Nashville on the Lebanon turnpike. In the hands of Will. G. Brien (a gallant son of a noble sire,) the American cause and candidates, we are certain, will never suffer.

COMMERCIAL.

DAILY PATRIOT OFFICE, Nashville, July 3, 1856. Monetary and Financial.

The past week has been one of unusual duliness in the money market owing in a great measure to the anxiety upon the part of all the Banks to make a clean showing on the 1st inst. Their statements are all made and being published, and we are glad to say the work looks well. The statements of our Banks show that they have been managed with skill, and great prudence. We venture the assertion, without the fear of contradiction, that our Banks in Tennessee are in as solvent a condition as any in the Union. The Banks will now throw open their ports, and extend all the accommodations to the community in their power. Banks, like individual, must first take care of themselves, and then their friends. We cannot under all the lights before us, make any other calculation, than that of easy times for the next twelve months. There is a rapid accumulation of money everywhere. The prospects for a more abundant harvest than ever before known in this country, never were better. From Europe every steamer brings advices of an easier money market, an advance in stock The Americans of Nashville will assem- securities, and an active demand for all our great fornia every steamer comes freighted with about two millions of gold, and favorable accounts of mining operations.
